Bio

Submission Guidelines:

We do have a few guidelines. If you submit by email or regular mail, please include a description of what your content is: poetry/fiction /short story/article/photographs/paintings etc. with a brief cover letter or introduction.

We are more interested in WHO you are and the ARTWORK or MUSIC you have to share rather than your credentials. Please do say a little about yourself in a bio that we can include and send us your contact information so we can get in touch with you further.
